## EXPERIENCE

**Web Developer Intern** June 2024 - August 2024  
Dhirati Education *New Delhi, In*

- Developed and implemented 4 responsive, user-facing pages for the company's main educational portal using React.js, resulting in improved user navigation and a more intuitive layout.
- Collaborated with a senior developer to translate UI/UX wireframes into reusable and high-quality front-end components.
- Actively identified and resolved UI inconsistencies and bugs, collaborating on code reviews to enhance the overall user experience.

## PROJECTS

**AI Trip Planner App** | *React.js, Gemini AI, Firebase, Tailwind CSS* [Live Demo](#) | [GitHub](#)

- Architected a full-stack, AI-driven itinerary generator integrating **Gemini AI API** to curate personalized travel plans based on budget, location, and group constraints.
- Implemented secure user authentication and route protection logic, allowing users to save, manage, and share generated itineraries seamlessly.
- Optimized front-end performance using React hooks and Tailwind CSS, ensuring a responsive user experience across devices.

**Hyper-Local Food Delivery App** | *React Native, Node.js, MongoDB, Razorpay* [Play Store](#) | [GitHub](#)

- Engineered a scalable 2-app ecosystem (Customer, Admin) using **React Native (Expo)** for real-time order management and inventory control.
- Developed a robust REST API with **Node.js** handling JWT authentication, OTP verification, and secure payments via **Razorpay**.
- Implemented **Internationalization (i18n)**, enabling dynamic bi-directional language switching between Hindi and English for broader accessibility.
